## **Relevant Project Experience**

Mr. Bein, Chief Executive Officer of Robert Bein, William Frost & Associates, has over 35 years of professional engineering experience. Originally joining the firm as Chief Engineer, he has had responsible charge of all engineering work performed by the company for both private sector and public agency clients. He became President of the firm in 1964 and Chief Executive Officer in 1991. During his tenure as CEO, the firm has experienced its most dramatic growth and recently celebrated a half century of professional service. Under his leadership, the firm has achieved the status of one of southern California's top civil engineering, land planning and surveying organizations. A veteran of the hydrographic survey unit of the United States Navy, he has also served on the engineering staff of the County of Los Angeles and the Irvine Company. In his role of corporate and professional leadership, he has played an active part in professional organizations and civic affairs in local, state and national involvements.
